Description

Tastefully renovated and pride of ownership shine through in this single family home on a quiet cul-de-sac in Orleans. The L-shaped living room and dining room encase the large kitchen with updated counters and cabinetry, all with large-planked hardwood floors. The second level boasts an airy primary bedroom with a large closet and a 3-piece ensuite with a stand-up shower. Two other good-sized bedrooms and a full bathroom with a jacuzzi tub and skylight finish this level. A rec room, a separate room that could be a den or home office, another full bathroom and the laundry room grace the finished basement. Access to the private backyard is through the patio doors off the living room and features a deck, a patio and plenty of space to enjoy all year round.
